HISTORY

CH-1 WHEN WHERE AND HOW

LONG ANSWERS:-

2. What are inscriptions? How do they help us to know about ancient India .

Ans :- Writings engraved on rocks, pillars, metal plates, clay tablets , walls of temples and tombs are called inscriptions.

The study of inscriptions is known as epigraphy . The process of reading and understanding the script used in inscriptions is known as decipherment .

The study of inscriptions tells us about the victories of rulers in battles, donations made by rulers or the people to temples, and the extent of Kingdoms, etc.

They provide us information about important events of ancient rulers . It also contains scripts and languages of old times.

( Do it in fair copy)
