

Maths

- 1.) Define the absolute value.
- 2.) Find the absolute value of given Integer - 45.
- 3.) Represent - 5 on number line.
- 4.) Arrange in ascending order  
-4,8,78,56,-4,5,89
- 5.) Arrange in descending order.  
4,-5,8,9,-45,58,8

Science

Q1. What are neutral substances?

Ans: The substances which are neither acidic, nor basic are called neutral substance. These substances neither turn blue litmus red nor red litmus blue, for example distilled water, sugar solution etc.

Q2. What are indicators?

Ans: We cannot taste every object and find its nature. Therefore, we use indicators.

An indicator is a substance that can determine if another substance is acidic or basic in nature.

Q3. Indicators are of two types, name them.

Ans: Indicators are of two types Natural and artificial.
