WRITE

ENGLISH LANGUAGE:-

Learn and write 2 times.

****Concrete nouns***

Concrete nouns are people, places, or things that we can experience with our five senses (taste, touch, sight, hearing, or smell). For examples, in the sentence "She put the book on the table.", the noun book is a concrete noun. You can touch it, see it, and maybe even smell it.

ENG LIT:-

TRANSLATE INTO HINDI:-

Now the boy got terribly frightened. I, with great difficulty, caught hold of the dog. The boy felt very sorry and promised that he would never throw stones at animals.

Science

Definition of volcano and types.

Maths

International Place Value System-

This system is followed by a large number of countries in the world. In this system we write:

1 lakh = 100 thousands

10 lakh = 1 million

1 crore = 10 millions

10 crores = 100 millions

In this system, we have periods of ones, thousands and millions.

In a given numeral, proceeding from right to left, first three places make *ones period*, next three places make *thousands period* and the next three places make the *million period*.
