Write (do in class work copy )

Do all questions and answers in classwork copy. (Pgno.24)

A1. we can find air from when we use a cardboard to fan yourself or while moving on a two wheeler.

A2. Moving air is called wind.

A3. A balloon becomes bigger in size if we blow air into it ,this is because the air you blow in fills up the space inside the balloon. This shows that air takes up space.

Learn all the given work.
